THE **Patons** HAND KNIT AND CROCHET STAR ★ RATINGS TO HELP **YOU** CHOOSE THE PATTERN SUITED TO **YOUR** ABILITY

★ One star says this is a **beginner level** of knitting and crochet. Basic stitches only, with simple shaping.

★★ Two stars mean **easy knitting and crochet**, with some fancy patterns such as shells, mesh, simple 2 colour patterns and cables.

★★★ Three stars are for **advanced knitters and crochet workers**, requiring some specialised knowledge such as Fair Isle, Aran and more complicated lace patterns.

★★★★ Four stars signal a **challenge**. There can be make-and-lose patterns, complicated shaping, and any technique that requires a higher level of concentration.

**P** The letter **P** after any star grouping suggests that an additional degree of patience is required for a quality finish.

**SLIP-STITCH**

This is the method used for turning up hems or stitching double neckbands in place. Work 1 stitch into each cast-on or cast-off stitch to be sure that the work will be elastic. Always be sure that the stitches follow up evenly and do not form a crooked line.

**MAKE UP**
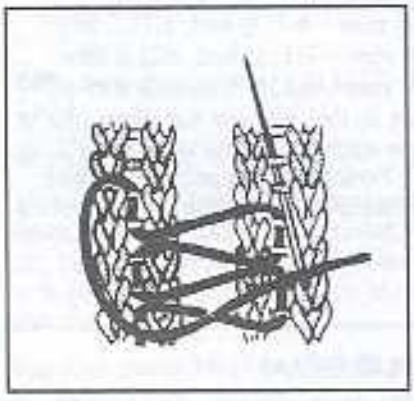
With a slightly damp cloth and warm iron, press lightly, taking care not to flatten patt. Using a flat seam, join leg and foot seams. Thread ties through holes at ankles to tie at sides (or use ribbon if preferred). Fold over cuffs.

**RUNNING STITCH SEAM**
This is an easier and quicker method than back-stitch , yet gives the same neat appearance on the right side of the garment. It is worked from the right side, making the matching of stripes, Fair Isle and fancy patterns quite simple. The stitches should be taken **one knitted stitch** in from the edge so care must be taken to "unroll" edges of work as you go along. Use a knitters needle – this has a blunt end to avoid splitting the yarn.
Place the 2 pieces of knitting side by side, with right side uppermost. Leaving an end about 15 cm long (to be finished off later), insert the needle from wrong side to right side between the first and second rows on the left-hand piece of knitting (this is the only stitch which is taken from the wrong side). Move to the right-hand piece of knitting, insert needle between cast-on and first row and bring it out between second and third rows (thus picking up 2 cross bars). Return to left-hand piece, insert needle in same space as that in which yarn came out from previous stitch (between first and second rows) and pick up 2 cross bars. Continue working from side to side in this manner. Leave stitches about 1 cm wide until you have completed about 2 cm of stitching, then pull thread up fairly firmly to close seam. Yarn should be tight enough so that is does not show, but loose enough to allow the garment elasticity. Take care not to pull through the end left at the cast-on edge.
Check that pieces are even at the top of the rib and at any horizontal lines in the pattern (diagram has been shaded as in 2 row stripes to show the correct placement of stitches so that stripes will match perfectly). Finish the top of your seam with 1 or 2 straight stitches over the cast-off edge and run the end along the edge of the fabric down the seam for about 3 cm. Thread the end left at the cast-on edge into your needle and finish this off in the same way (take care that you take the stitches over the cast-on edge and not over the seam, and the lower edge of your garment will be perfectly straight, with no unsightly dip at the seam).



If you have trouble matching your work at the top of the rib, you may find the following suggestion helpful – Use a thread long enough to join the entire seam. Leaving most of this thread free to join the main part of your seam, begin at the top of the rib and work towards the cast-on edge as follows – pick up the cross bars of the two top rib rows on the left-hand piece of knitting, move to the right-hand piece of knitting, **leave the top row of rib free**, then pick up the cross bars of the next 2 rows. Continue in this manner with the shorter end of your thread until you reach the cast-on edge and finish off as described before. Then thread the long end of the thread into your needle and complete the seam in the normal way.
If this seam needs to be unpicked at any time, simply cut the thread at top and bottom and pull the thread out.

**BACK-STITCH SEAM**
This is the method most commonly used for joining knitted garments. Hold the pieces together with right sides inside. The seam should be sewn one full stitch in from the end of each row so that all seams will be even. One stitch should be worked over every row. Darn in all ends of yarn **after** sewing seams.

**17th row** – Y fwd, K2 tog, K5, K2 tog, turn.
Rep rows 2 to 17 incl until all shawl sts have been worked off. Cast off loosely.

**MAKE UP**
Using a flat seam, join edges to form a circle, taking care not to make seam too tight. Roll shawl in a damp towel for several hours, then spread out flat in a circle. Pin each point out separately with **rustless** pins and leave until dry.

**FLAT SEAM**
This method is sometimes used for knitted garments but more often for crochet garments. A flat seam may be worked from either the right or the wrong side of the work. Place the 2 pieces of fabric evenly together and sew stitch by stitch, always bringing the needle up from underneath to top though the centre of the stitch, then in same manner through corresponding stitch on second piece.
**Note** – Diagram shows knitted fabric, but method is the same for knitting or crochet. Always keep work elastic – there should be as much stretch in your seam as there is in the rest of your garment.

Sew in sleeves, placing rows above coloured threads to sts left free at armholes. Beg with right side facing, work 3 rows dc evenly around neck, taking care not to stretch work, then work 1 row dc evenly around back opening, working 3 buttonloops evenly along right side. Fasten off. Sew on buttons. If desired, press seams lightly. Thread ribbon through holes in first patt row of sleeves and tie in a bow as illustrated.
